Send all support to 1445 Boonville, Springfield, MO 65802

Half-time, it's always a good time to evaluate, make adjustments, catch your breath, and make plans to finish the year. That's what we are doing, and YOU are a big part of this "half-time" meeting. Spiritual results in Yuma began our year with our largest average monthly attendance of 100+. Camp Meeting in May 2026 was great (see below). In May, I was honored as being ordained for 50 years in the ministry. **Coming up:** The Chaplaincy Conference in August, the National Senior Adult Conference in Branson in September, and then our annual bus trip takes off westward! **YOUR** prayers and support help to make all this happen and we treasure your friendship which illustrates the truth: **"Without God and You- We can do nothing!"**

This was our theme for missions in Yuma AZ. All of us have "messed up" in life! Yet as we "age" with Jesus, we can turn our **Mess into a MessAGE**, and help others in their Second Half accept Christ, and Finish Life Strong! We were able to send many gospel tracts and dresses that you helped to provide into Mexico this year.

The Lord helped us to purchase an older (2006) 31ft. fifth wheel which was our home last year, and we will stay in it this coming year (if it survives the heat). This puts us very close to our church building and lets us have a place we can meet with anyone who wants to come by for prayer!

The first recorded "snowball" fight in Yuma took place in our CHURCH! Since most of our people come from "snow country," we let them have a taste of home and throw cotton balls as snowballs. Judy led the bunch, can you find her?

Pastor/Evangelist Tony Burrow from Malvern, AR preached our Camp Meeting. The Lord moved in a special way, touching lives and doing miracles.

God has granted us over 21 years to serve the church and nation as U.S. Missionaries. Many of you have been our partners for years, and we praise God and thank you for your faithfulness! Together WE are making a difference, helping others. How may we help you?

Presenting a "Heritage Hero" award to Patricia Moore, a founding member of the AG church in Holcomb, MO. Do you know a HH?

At Camp — Thomas and Angelia Carpenter shared their worldwide missions ministry to children with disabilities and his "visit to Heaven" to see his son during Covid. POWERFUL!!!

A Christian should be like a duck: Calm and collected on the outside but paddling furiously underneath life's challenges!
